James & Weaver Office Environments, Office Furniture USA announce partnership

Pittsburgh, PA – James & Weaver Office Environments and Office Furniture USA have joined forces to better serve the Pittsburgh office furniture market.

The new partnership will provide a new alternative to office furniture buyers in Pittsburgh and surrounding areas, with low pricing, a wide selection of products and a quick-ship program featuring more than 5,000 items.

James & Weaver Office Environments is a woman-owned business enterprise that has made and continues to make a positive and lasting impact on the people in the communities that it serves. "We bring a long commitment of service to our clients and our mission is to be a service-oriented furniture dealership, offering turnkey office environment solutions" said President Denise Powell. We understand that most customers are now looking for the best furniture value for their money and by partnering with OFUSA we can now offer low cost high quality products and services.

"We continue to identify the best, most successful dealerships in the U.S. as potential partners," said Dennis Arnold, president of Office Furniture USA. "James & Weaver Office Environments is a valuable addition to our program."

James & Weaver Office Environments was founded in 1925 and has been providing quality products and services to companies in the Youngstown & Western Pennsylvania areas for more than 80 years. As a contract furniture dealership in this market James & Weaver partners with Haworth and Office Furniture USA representing more than 200 diversified furniture lines. Our specialties include furniture, accessories, flooring, wall coverings, lighting, moveable walls, interior design, space planning, corporate identity enhancement, delivery & installation, project management, move management, rentals and leasing. Our team of experienced professionals brings considerable skill and knowledge to every project and welcomes the opportunity to become your resource for any job whether it is large or small.

Office Furniture USA contracts with dealers and manufacturers to provide quality furniture at affordable prices to consumers. The company serves its customers through e-commerce, catalogs and 147 dealer-owned franchises in 40 states.
